a guide to the different systems for determining text difficulty offers a review of recently developed applications such as lexiles as well as traditional readability formulas and systems for beginning readers and coverage of two electronic book matching programs accelerated reader and reading counts

## A Study of the Predictive Validity of the Star Math Test for the Algebra 1 End of Course Exam

2012

this is a study on the predictability of the algebra i end of course scores based on a students eighth grade star math test score for this study end of course scores for algebra i were gathered from 200 freshmen students at a suburban midwestern high school as well as star math test scores from those same 200 students from their eighth grade year a simple liner regression was performed to determine if in fact a students star math score from their eighth grade year could predict their score on the algebra i end of course test the following year the reason for the study was if given the opportunity to earlier identify students in need of extra interventions teachers could then have those interventions in place at an earlier time and thus providing the student with the needed support for a longer period of time taken from abstract

## Kaplan California Star Program
