the only official behind the scenes book on the making of this year s christmas
blockbuster family movie written by the film s executive producer this
sumptuous and heavily illustrated book is the ultimate companion to the first
narnia film written by the film s executive producer perry moore the book
charts the very personal story of how this movie came into being moore writes
candidly and personally on why he pursued this project what intrigued him about
the novel what challenges they faced how he cast the movie and how it was
filmed by going beyond the usual soundbites which make up traditional making of
books this insider s account allows for the real personality of the project and
its people to shine through its pages the visual heart of the book is wrapped
around the movie s script providing a cohesive narrative arc for the story
about how the film has been made every spread is packed with major visual
elements such as movie stills storyboard art and behind the scenes photos and
these are accompanied by panels of information about backstory cgi
breakthroughs director s comments cinematography notes and so on this annotated
format allows readers to go further into the movie at the points they are most
interested in the story itself the technological challenges the art the acting
the strategies and the fun filled anecdotes making this a valuable resource
which can be revisited even after the release of the dvd in 2006 the final part
of the book is a comprehensive reference section keyed to the major characters
providing background information how the characters were retrofitted for the
movie and interviews with the artists and actors
