the biggest challenge faced by the Indonesian nation and all countries worldwide after COVID-19 is a disruption in various fields of human life including the fields of education, humanities, health, and agriculture. COVID-19 has changed the pattern of services in the fields of education and health and has made global supply chains vulnerable. On the other hand, the advancement of information and communication technology (ICT) can be an opportunity and a solution for various aspects of life after COVID-19. Therefore, a scientific forum in the form of an international conference is needed to offer various solutions, thoughts, research results, or field experiences that focus on how ICT contributes to the fields of education, humanities, health, and agriculture after COVID-19. In fact, the international conference in question is an academic discussion forum initiated by the Indonesian Catholic University of Santu Paulus Ruteng and carried out in a blended manner online and offline. This forum facilitates researchers, academics, professionals, practitioners, students, government officials, and all stakeholders who have the same interests around the world to disseminate the results of their studies and conceptual or field experiences related to the contribution of ICT in the fields of education, humanities, health, and agriculture in the post-COVID-19 era. In fact, mastery of information and communication technology (ICT) is the key to building a superior and competent individual civilization in every field of human life after COVID-19. This conference presented a distinguished keynote speaker, Jhonny Gerald Plate, Secretary of Communication and Informatics of the Republic of Indonesia, eight keynote speakers from three different countries including Prof. Yohanes Servatius Lon (Universitas Katolik Indonesia Santu Paulus Ruteng), Prof. Adrianus Ahemka (Head of Regional LLDIKTI XV), Prof. Yayah S. Kusumah (Universitas Pendidikan Indonesia), Prof. I. Nyoman Darma Putra (Udayana University Indonesia), Prof. Mauro Mocerino (Curtin University Australia), Prof. Dwi Andreas Santosa (IPB University Indonesia), Dr. Willy Ardian Renandya (Nanyang Technological University National Institute of Education Singapore), and Prof. Maribeth Erb (National University of Singapore).
