Joseph Banks 1997

this biography of sir joseph banks botanist explorer president of the royal society and one of australia s founding fathers draws on much hitherto unpublished material he emerges here as a warm hearted enthusiast whose legacy survives in the development of the australian continent

Olli aus Ossiland 2016-05-02

integration is the most significant european historical development in the past fifty years eclipsing in importance even the collapse of the ussr yet until now no satisfactory explanation is to be found in any single book as to why integration is significant how it originated how it has changed europe and where it is headed professor gillingham s work corrects the inadequacies of the existing literature by cutting through the genuine confusion that surrounds the activities of the european union and by looking at his subject from a truly historical perspective the late twentieth century has been an era of great though insufficiently appreciated accomplishment that intellectually and morally is still emerging from the shadow of an earlier one of depression and modern despotism this is a work then that captures the historical distinctiveness of europe in a way that transcends current party political debate

European Integration, 1950-2003 **2003-06-02**

the third man is greene s brilliant recreation of post war vienna a city of desolate poverty occupied by four powers rollo martins a second rate novelist arrives penniless in vienna to visit his old friend and hero harry lime harry is dead but the circumstances surrounding his death are highly suspicious and his reputation at the very least dubious graham greene said of the third man that he wanted to entertain people to frighten them a little to make them laugh and the result is both a compelling narrative and a haunting thriller the fallen idol is the chilling story of a small boy caught up in the games that adults play left in the care of the butler baines and his wife philip realizes too late the danger of lies and deceit but the truth is even deadlier for more than seventy years penguin has been the leading publisher of classic literature in the english speaking world with more than 1 700 titles penguin classics represents a global bookshelf of the best works throughout history and across genres and disciplines readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

The Unknown Shore 2012-06-28

while most psychotherapies agree that therapeutic work in the here and now has the greatest power to bring about change few if

any books have ever addressed the problem of what here and now actually means beginning with the claim that we are psychologically alive only in the now internationally acclaimed child psychiatrist daniel n stern tackles vexing yet fascinating questions such as what is the nature of nowness how is now experienced between two people what do present moments have to do with therapeutic growth and change certain moments of shared immediate experience such as a knowing glance across a dinner table are paradigmatic of what stern shows to be the core of human experience the 3 to 5 seconds he identifies as the present moment by placing the present moment at the center of psychotherapy stern alters our ideas about how therapeutic change occurs and about what is significant in therapy as much a meditation on the problems of memory and experience as it is a call to appreciate every moment of experience the present moment is a must read for all who are interested in the latest thinking about human experience
