## **Learn French**

2015-11-02

fluency in any language other than your native tongue can open up a lot of opportunities for you but if absolute fluency is not possible then a better understanding of the language is almost as beneficial french is a popular choice among native english speakers because understanding it helps them communicate better when visiting france canada switzerland belgium and other countries which use french as an official language although many of the locals in these countries can also understand and speak english they get a sense of pride from knowing that foreign visitors took the time and effort to learn their language communicating with these people becomes easier since you don't have to figure out anymore what they're trying to say and vice versa the same goes for those french words you'll come across on street signs newspapers maps etc it may not be evident at first but a better understanding of french will ensure that you have more time exploring and enjoying the best that the country has to offer tourist attractions arts and entertainment activities and the local cuisine to name a few and french speaking countries are often highly known for such but what if you are due to travel anytime soon is it still possible to master at least the basics of the french language if you're given only a few days to do so fortunately it is possible and this book will help you do just that this book features not only basic french grammar rules but also easy to understand guides on how the language can best be used in situations including but not limited to the following greeting other people and introducing yourself specifically the proper way of doing so getting around and exploring e.g. asking for directions telling the time ordering food at restaurants shopping and more and the best part is with the help of this book you will learn to master all that and more in just three days
