in scission tim winton s first collection of short stories the world he paints is often harsh and disturbing inhabited by isolated unforgiving characters it is a world at once familiar filled with the trappings of home and family and yet also strangely twisted a world where casual brutality and unexpected death are never far from the surface evident in a young girl s violent temper once the eggs she has so jealously guarded finally hatch or in the careless indifference of the woman stepping over a soldier s spreadeagled body tim winton s world is a place where dysfunction and disorder constantly threaten the equilibrium but there is compassion and beauty there too whether it s in the brush of a father s hand against his young son s cheek or the neighbours who wait patiently to celebrate the arrival of a new baby tim winton is the real thing a writer who can photograph a thought and pluck out the beat of a soul on a washing line scotland on sunday
