**Growing Up with Poetry** 1989 an anthology designed for the enjoyment and instruction of students from junior secondary school onwards the poems focus on aspects central to african life and culture lover identity death village life separation power and freedom guidance for teachers is included

*Terrific Majesty* 1998 since his assassination in 1828 king shaka zulu founder of the powerful zulu kingdom and leader of the army that nearly toppled british colonial rule in south africa has made his empire in popular imaginations throughout africa and the west shaka is today the hero of zulu nationalism the centerpiece of inkatha ideology a demon of apartheid the namesake of a south african theme park even the subject of a major tv film *terrific majesty* explores the reasons for the potency of shaka s image examining the ways it has changed over time from colonial legend through africanist idealization to modern cultural icon this study suggests that tradition cannot be freely invented either by european observers who recorded it or by subsequent african ideologues there are particular historical limits and constraints that operate on the activities of invention and imagination and give the various images of shaka their power these insights are illustrated with subtlety and authority in a series of highly original analyses *terrific majesty* is an exceptional work whose special contribution lies in the methodological lessons it delivers above all its sophisticated rehabilitation of colonial sources for the precolonial period through the demonstration that colonial texts were critically shaped by indigenous african discourse with its sensitivity to

recent critical studies the book will also have a wider resonance in the fields of history anthropology cultural studies and postcolonial literature

*History of Christianity from the Birth of Christ to the Abolition of Paganism in the Roman Empire* 1866 featuring the renowned seventh century gilt bronze Śākyamuni shaka triad at the hōryūji constructing the dharma king reveals how the impression of a buddhist image evolved in yamato japan from the indistinct sense of divine otherness at the early stage of the transmission to more concrete ideals and values concerning families authority and kingship according to the accompanying inscription the kashiwade a low ranking bureaucratic clan commissioned the triad to commemorate the deaths of its family members considering the triad as an endpoint of a dynamic political re envisioning spearheaded by sogano umakod 626 and the members of the yamato sovereignty akiko walley argues that the kashiwade constructed the shaka triad not simply as a private act of devotion but a pivotal political act that demonstrated their allegiance and loyalty this publication contends that the appearance of the shaka triad was chosen to echo the new vision of a dharma king that was manifested in prince umayato as the political persona orchestrated by umako and in the preceding shaka triad statue at asukadera produced by umako and his closest allies in the course of discussion this book also reexamines the key points of debate surrounding this statue including the reliability of the accompanying inscription identity of its makers and the statue's ties to the sculptural trends on the asian continent

*The History of Christianity from the Birth of Christ to the Abdition of Paganism in The Roman*

*Empire, 1* 1867 reprint of the original first published in 1867

**Constructing the Dharma King** 2015 informative and portable this guide offers a brief yet lively introduction to the life and reign of shaka zulu the most influential leader of south africa s zulu kingdom as it challenges the previous historiography of the early king this account reassesses the white resources and delves into a large body of previously neglected zulu historical records revealing a complex tough leader who was neither illegitimate nor sexually deviant neither mass murderer nor seamlessly successful military genius this handbook sheds light on the existing myths surrounding shaka and reconsiders his place in south african history

**The History of Christianity from the Birth of Christ to the Abolition of Paganism in the Roman Empire** 2022-02-12 the classic of african history a biography of shaka zulu founder of the zulu nation born leader and brilliant general e a ritter grew up with the zulus earning their respect and accumulating a rich store of material during his long association with them shaka s life and deeds had been handed down by word of mouth from generation to generation and they are here evoked with a sense of drama and an eye for detail back cover

**Shaka** 2011 modern orientalism is not a brainchild of nineteenth century european imperialists and colonialists but as urs app demonstrates was born in the eighteenth century after a very long gestation period defined less by economic or political motives than by religious ideology based on sources from a dozen languages many unavailable in english the

birth of orientalism presents a completely new picture of this protracted genesis its underlying dynamics and the western discovery of asian religions from the sixteenth to the nineteenth century app documents the immense influence of japan and china and describes how the near eastern cradle of civilization moved toward mother india moreover he shows that some of india s purportedly oldest texts were products of eighteenth century european authors though western engagement with non abrahamic asian religions reaches back to antiquity and can without exaggeration be called the largest scale religiocultural encounter in history it has so far received surprisingly little attention which is why some of its major features and their role in the birth of modern orientalism are described here for the first time the study of asian documents had a profound impact on europe s intellectual makeup suddenly the bible had much older competitors from china and india sanskrit threatened to replace hebrew as the world s oldest language and judeo christianity appeared as a local phenomenon on a dramatically expanded worldwide canvas of religions and mythologies orientalists were called upon as arbiters in a clash that involved neither gold and spices nor colonialism and imperialism but rather such fundamental questions as where we come from and who we are questions of identity that demanded new answers as biblical authority dramatically waned

**Shaka Zulu** 1978 cinema and nation considers the ways in which film production and reception are shaped by ideas of national belonging and examines the implications of globalisation for the concept of national cinema

The Birth of Orientalism 2011-06-06 limited autographed edition this is the original unedited manuscript of the 1985 bestselling novel by joshua sinclair which was adapted by him into the legendary television series by the same name this true story chronicles with mythic detail the life of shaka zulu the greatest african leader in history framed around queen victoria s decision on england s political stance towards the zulu nation the novel starts with shaka s illegitimate birth taking us through his difficult childhood his obsessive attachment to his mother nandi to his overthrow of the leadership of the zulu nation building on his innovative methods of warfare king shaka established the most disciplined standing army in the history of mankind over one million strong at any given time expanding the zulu domain from a small tribe of less than 2 000 to an empire greater than that of napoleon encompassing much of what is now south east africa mixing prophecy with oral tradition the author joshua sinclair spans four decades of africa s history dramatically punctuating the rise and fall of the one of most formidable empire this world has ever known

**The Birth of Jesus** 1878 engelbert kaempfer s history of japan was a best seller from the moment it was published in london in 1727 born in westphalia in 1651 kaempfer traveled throughout the near and far east before settling in japan as physician to the trading settlement of the dutch east india company at nagasaki during his two years residence he made two extensive trips around japan in 1691 and 1692 collecting according to the british historian boxer an astonishing amount of valuable and accurate information he also learned all he could from the few japanese who came to deshima for instruction in the european

sciences to these observations kaempfer added details he had gathered from a wide reading of travelers accounts and the reports of previous trading delegations the result was the first scholarly study of tokugawa japan in the west a work that greatly influenced the european view of japan throughout the eighteenth and nineteenth centuries serving as a reference for a variety of works ranging from encyclopedias to the libretto of the mikado kaempfer s work remains one of the most valuable sources for historians of the tokugawa period the narrative describes what no japanese was permitted to record the details of the shogun s castle for example and what no japanese thought worthy of recording the minutiae of everyday life however all previous translations of the history are flawed being based on the work of an eighteenth century swiss translator or that of the german editor some fifty years later who had little knowledge of japan and resented kaempfer s praise of the heathen country beatrice bodart bailey s impressive new translation of this classic which reflects careful study of kaempfer s original manuscript reclaims the work for the modern reader placing it in the context of what is currently known about tokugawa japan and restoring the humor and freshness of kaempfer s observations and impressions in kaempfer s japan we have for the first time an accurate and thoroughly readable annotated translation of kaempfer s colorful account of pre modern japan

*Cinema and Nation* 2005-08-18 a serious but readable study that should be widely read by all concerned with leadership issues long range planning this book is the most up to date available investigation of the understanding of tyranny and terror that psychologists

psychoanalysts and experts on group and institutional behaviour can provide manfred kets de vries has produced a masterpiece he draws on a wealth of published research in the field and relates it in an academically excellent yet eminently readable way to the premier problem of the beginning of the 21st century i strongly recommend it anton obholzer formerly tavistock centre london psychoanalyst and organizational consultant from constructive narcissism to reactive narcissism we are but one step away from megalomania and terror professor kets de vries traces the origin of leadership by terror to early childhood in this case study of shaka zulu a gruesome story warns us that terror may be inherent in the human condition abraham zaleznik harvard business school us kets de vries has written another terrific book on leadership however this work will prove both timely and insightful to students of leadership and political psychology through the tale of shaka zulu kets de vries introduces us to our very own despotic tendencies and thus familiarizes the reader with the human side however horribly oppressive and destructive of leadership by terror here is a genuine contribution to the field of leadership studies michael a diamond university of missouri columbia us what makes despotic leaders tick how do they become despots on a lesser but far more common scale why are some people ruthlessly abrasive in the workplace why do some business leaders appear to lose their sense of humanity how and why do they create a culture of fear uncertainty and doubt in their companies lessons on leadership by terror attempts to discover what happens to people when they acquire power and whether the abuse of power is inevitable manfred kets de vries examines the life of the nineteenth

century zulu king shaka zulu in order to help us understand the psychology of power and terror during his short reign shaka zulu established one of the most successful regimes based on terror that has ever existed from which the traits of despotic leaders are illustrated shaka s life history is a study in the psychology of terror and he can be a proxy for the behavior of any despot be it from antiquity or modern times from his leadership behavior fifteen cautionary lessons are derived offering valuable principles for contemporary leaders the book also explores the characteristics of totalitarian states and discusses what can be done to prevent despotic leaders from coming to the fore clear parallels are drawn between shaka s behavior and that of other more contemporary leaders including hitler stalin pol pot and saddam hussein this fascinating and highly original book will be of enormous interest to a broad audience from students and academics focusing on leadership political science and political psychology to practitioners such as managers executives consultants and leadership coaches

Shaka Zulu 2013-04-10 this scholarly account traces the emergence of the zulu kingdom in south africa in the early nineteenth century under the rule of the ambitious and iconic king shaka in contrast to recent literary analyses of myths of shaka this book uses the richness of zulu oral traditions and a comprehensive body of written sources to provide a compelling narrative and analysis of the events and people of the era of shaka s rule the oral traditions portray shaka as rewarding courage and loyalty and punishing failure as ordering the targeted killing of his own subjects both warriors and civilians to ensure compliance to his

rule and as arrogant and shrewd but kind to the poor and mentally disabled the rich and diverse oral traditions transmitted from generation to generation reveal the important roles and fates of men and women royal and subject from the perspectives of those who experienced shaka's rule and the dramatic emergence of the zulu kingdom

**Kaempfer's Japan** 1999-04-01 there exists a strong tendency within western literary criticism to either deny the existence of epics in africa or to see african literatures as exotic copies of european originals in both cases western criticism has largely failed to acknowledge the distinctiveness of african literary aesthetics this book revises traditional literary canons in examining the social cultural and emotional specificity of african epics mariam konate deme highlights the distinguishing features that characterize the african epic emphasizing the significance of the fantastic and its use as an essential element in the dramatic structure of african epics as deme notes the fantastic can be fully appreciated only against the cosmological background of the societies that produce those heroic tales this book not only contributes to the scholarship on african oral literature but also adds reshapes our understanding of heroic literature in general

**Lessons on Leadership by Terror** 2005-01-01 the story this play concerns the rise and fall of the mighty african warrior king shaka zulu from humble beginnings he came to rule a nation larger than the state of california shaka's courage fierceness intelligence and organization forged hundreds of feuding clans into a superb fighting force to challenge the encroachment of europeans in what is today south africa denied by his father at birth who

**Heroism and the Supernatural in the African Epic** 2010-09-13 more starkly than any other contemporary social conflict the crisis in south africa highlights the complexities and conflicts in race gender class and nation these original articles most of which were written by south african authors are from a special issue of the radical history review published in spring 1990 that mapped the development of interpretations of the south african past that depart radically from the official history the articles range from the politics of black movements in the nineteenth and twentieth centuries to studies of film television and theater as reflections

of modern social conflict history from south africa is presented in two main sections discussions of the historiography of south africa from the viewpoint of those rewriting it with a radical outlook and investigations into popular history and popular culture the production and reception of history in the public realm in addition two photo essays dramatize this history visually maps and a chronology complete the presentation the book provides a fresh look at major issues in south african social and labor history and popular culture and focuses on the role of historians in creating and interacting with a popular movement of resistance and social change

**Nigerian Cultural Diplomacy in the Twentieth Century** 2002 this book surveys the african media industry examining various sections of the media at the elite level drawing on contributors from diverse regions and media and communication disciplines the book provides definitive analyses of the switch from analogue to digital broadcasting in select african countries this timely and relevant collection of essays covers trending topics in communication and media studies as scholars globally continue to examine the impact of digital technology on media practice training and education the contributors offer rich perspectives on crucial issues blending practice and scholarship as former media practitioners and academics come together to fill a major gap in media practice and education in africa this book is a must read for anyone interested in the intersection of globalization and african media

Bal Gangadhar Tilak 2021-08-14 an in depth look at the army of africa s zulu kingdom leading up to their epic battle against the british army in 1879 forces of the independent zulu kingdom inflicted a crushing defeat on british imperial forces at isandlwana in january 1879 the zulu army was not however a professional force unlike its british counterpart but was the mobilized manpower of the zulu state ian knight details how the zulu army functioned and ties its role firmly to the broader context of zulu society and culture the zulu army had its roots in the early groups of young men who took part in combat between tribes but such warfare was limited to disputes over cattle ownership grazing rights or avenging insults in the early nineteenth century the zulu nation began a period of rapid expansion and king shaka began to reform his forces into regular military units ian knight charts the development and training of the men that formed the impi which later operated so successfully under king cetshwayo knight analyzes the zulu s fighting methods weapons and philosophy all of which led to the disciplined force that faced the british army in 1879 for me this is the zulu bible everything you need to know about this warrior race over a 60 year period during the 19th century the battles fought are legendary and well covered many times over in other books but knight s anatomy goes much deeper the book explains why the zulu army was so fearsome and effective by exposing how each warrior was virtually nurtured into the role

from birth and remained loyal until death david h smith military modelling

**The history of Christianity ... to the abolition of paganism in the Roman empire**

1863 this comprehensive and detailed exploration of the african past from prehistory to approximately 1870 is intended to provide a fully up to date complement to the cambridge history of africa reflecting several emphases in recent scholarship it focusses on the changing modes of production on gender relations and on ecology laying particular stress on viewing history from below a distinctive theme is to be found in its analyses of cognitive history the work falls into three sections the first comprises a historiographic analysis and covers the period from the dawn of prehistory to the end of the early iron age the second and third sections are for the most part organised on regional lines the second section ends in the sixteenth century the third carries the story on to 1870 a second volume now in preparation will cover the period from 1870 to 1995 this book attempts a more rounded view of african history than most of the other textbooks on the subject addressed to a largely undergraduate level student earlier histories have tended to ignore some of the current foci in the scholarly literature on africa generally not reflected in the textbooks these include discussions of topical issues like ecology and gender isichei s book is also more radical

**The Prince and the Monk** 2007-02-22 most histories seek to understand modern africa as a troubled outcome of nineteenth century european colonialism but that is only a small part of the story in this celebrated book beautifully translated from the french edition the history of africa in the nineteenth century unfolds from the perspective of africans themselves rather

than the european powers it was above all a time of tremendous internal change on the african continent great jihads of muslim conquest and conversion swept over west africa in the interior warlords competed to control the internal slave trade in the east the sultanate of zanzibar extended its reach via coastal and interior trade routes in the north egypt began to modernize while algeria was colonized in the south a series of forced migrations accelerated spurred by the progression of white settlement through much of the century african societies assimilated and adapted to the changes generated by these diverse forces in the end the west s technological advantage prevailed and most of africa fell under european control and lost its independence yet only by taking into account the rich complexity of this tumultuous past can we fully understand modern africa from the colonial period to independence and the difficulties of today
