"The Spirits in Prison" 1958 the hour of revival is a time of crisis and few go through it without deception by the enemy bluntly the revival hour is the occasion for evil spirits to fool the most spiritual believers into becoming deceived possessed by evil spirits in their outer being through unwittingly accepting satan s counterfeits the aftermath of the revival in wales which was a true work of god revealed many honest souls swept off their feet by evil supernatural powers which weren t discerned as not being the true working of god this is a glimpse into the mixed manifestations which have come upon the church as almost without exception in every land where revival has broken forth within a very brief period of time the counterfeit stream has mingled with the true and almost without exception true and false have been accepted together evil spirit possession has followed and checked every similar revival throughout the centuries since pentecost and these things must now be understood and dealt with if the church is to advance to maturity

Demonic Texts and Textual Demons 1999 the repose of the spirits is a translation of one of the earliest and most comprehensive treatises on sufism in the persian language written by aḥmad sam ānī an expert in islamic law from a famous central asian scholarly family in about the year 1135 it is one of the handful of early sufi texts available in english and is by far the most accessible it also may well be the longest and the most accurately translated ostensibly a commentary on the divine names it avoids the abstract discourse of theological nitpicking and explains the human significance of the names with a delightful mix of quranic verses and sayings of the prophet and various past teachers interspersed with original interpretations of the received wisdom unlike the usual books on the divine names such as that of al ghazali the repose of the spirits reminds the reader of the later poetical tradition especially the work of rumi the prose is richly embroidered with imagery and interspersed with a great variety of arabic and persian poetry what is especially remarkable is the manner in which the author speaks to his readers about their own personal situations explaining why they are driven by a love affair with god a god who is full of compassion and good humor whether they know it or not william c chittick s masterful new translation brings this work to an english language audience for the first time

The Repose of the Spirits 2019-10-01 spirit possession is more commonly associated with late second temple jewish literature and the new testament than it is with the hebrew bible in unfamiliar selves in the hebrew bible however reed carlson argues that possession is also depicted in this earlier literature though rarely according to the typical western paradigm this new approach utilizes theoretical models developed by cultural anthropologists and ethnographers of contemporary possession practicing communities in the global south and its diasporas carlson demonstrates how possession in the bible is a corporate and cultivated practice that can function as social commentary and as a means to model the moral self the author treats a variety of spirit phenomena in the hebrew bible including spirit language in the psalms and job spirit empowerment in judges and samuel and spirit texts
