MotorBoating 1967-02 popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better

Popular Mechanics 1965-01 this book is designed to convince the healthy and scientific minded sceptic that hand analysis is a science worthy of serious consideration the laws of scientific hand analysis are presented here in a very simple manner and are amply illustrated by diagrams this book is also intended for those who do not have the faintest concept of what hand analysis or astrology is all about so that no previous knowledge is required for its understanding at the same time the subject of hand analysis has been comprehensively emphasized as such this book will be of interest to professional astrologers in many eastern countries leading astrologers have a good knowledge of hand analysis where the horoscope does not give clear guidance on a particular aspect they consult the palms in order to obtain clarification the ideas put forward in this book are based on the indian western and egyptian schools of hand analysis although the indian system has been used the most the scientific rationale behind the wearing of particular gems in order to ward off evil planetary influences is also succinctly described above all this is meant to be an eminently straightforward and practical work the sceptic has only to study his own palms to be pleasantly surprised at how accurately hand analysis reveals his own particular case
