Book-keeping by Single Entry

1871

a favorite among successful students and often recommended by professors the unique examples explanations series gives you extremely clear introductions to concepts followed by realistic examples that mirror those presented in the classroom throughout the semester use at the beginning and midway through the semester to deepen your understanding through clear explanations corresponding hypothetical fact patterns and analysis then use to study for finals by reviewing the hypotheticals as well as the structure and reasoning behind the accompanying analysis designed to complement your casebook the trusted examples explanations titles get right to the point in a conversational often humorous style that helps you learn the material each step of the way and prepare for the exam at the end of the course the unique time tested examples explanations series is invaluable to teach yourself the subject from the first day of class until your last review before the final each guide helps you learn new material by working through chapters that explain each topic in simple language challenges your understanding

with hypotheticals similar to those presented in class provides valuable opportunity to study for the final by reviewing the hypotheticals as well as the structure and reasoning behind the corresponding analysis quickly gets to the point in conversational style laced with humor remains a favorite among law school students is often recommended by professors who encourage the use of study guides works with all the major casebooks suits any class on a given topic provides an alternative perspective to help you understand your casebook and in class lectures

Book-keeping by single and double entry

1889

excerpt from a comprehensive system of book keeping by single and double entry simplified by detailed explanations of the phrases and books in general use and by numerous examples with a variety of useful rules tables calculations an introduction to each of the two series is prepared for the reader or pupil which should be carefully read over several times before looking into the books or rather before attempting to open a set for practice as it is of the utmost importance that every person should keep a book or books of some kind in which to record their transactions they are first introduced to a method of keeping house or domestic accounts which in itself although simple will be a good initiative and may lead to practicable economy and be productive of good results next a few examples for a tradesman or manufacturer are arranged which will suffice to illustrate how such entries are or can be made and in addition is a regular set of books by single entry in double entry an entire set of books and numerous illustrations are given by themselves which it is hoped will answer all the purposes of elucidating the beauties of that system about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
