Electrical and Fire Alarm Exam Questions 2013-01-05 2014 edition with additional info inside the book necquestions com by nec questions is best used with this electrical and fire alarm test preparation workbook nec questions and answers are addressed for the electrician studying for their master electrician exam license or journeyman license use with your 2005 2008 2011 2014 nec code book national electrical code books fire alarm code books and necquestions com by nec questions take to your electrical preparation class as your electrical workbook copying electrical class notes and answer electrician exam type questions given in this book use during electrical class preparation tutoring sessions nec questions and answers are addressed for the electrician studying for their master electrician exam license or journeyman license use this book with your 2005 2008 2011 or 2014 nec national electrical code book and fire alarm code book take to your electrical preparation class as your electrical workbook copying electrical class notes and answer electrician exam type questions given in this book use during electrical class preparation tutoring sessions perfect for any electrical class or electrical teacher preparing students on any level electrical tutors and students can now be on the same page the national electrical code book or nec is unique and easy to navigate if you learn how to use the index located in the back of the book using a keyword in your question will give you every possible article in the book that may contain the answer you are looking for if using the index versus using the table of contents that only give you the information pertaining to that one specific topic neglecting the other 10 other sections in which your answer may appear using the top left hand and top right hand corners of the page gives you the range of articles that the two pages contain tabs and highlighting the title of

articles and part i ii iii etc of that specific article will allow you to recognize what information pertains to that part of the article this should be done prior to test taking the nfpa 72 fire alarm book a little more time consuming though the index is a great way to use this book giving you the exact article number to your question the table of contents however is a little easier pointing you in the right direction with the exact page number to start your search the book is marked by page number and not the article number as the electrical code book for example manual actuated alarm initiating devices also known as pull boxes in the table of contents fall in chapter 17 14 which points you to 72 99 the 72 is nfpa 72 fire alarm book and the 99 is the page using the top left and top right hand corners will give you only the page numbers and not the article numbers if looking for the proper mounting of smoke detectors in 29 8 3 understand that the directs you to annex a which has additional information pertaining to that article the new article to check now would be a 29 8 3 and if you do not know where annex a starts the table of contents will tell you tabs as well as a highlighting where every chapter begins as well as subarticles will help you before test taking
