## ***Shaping World History 2016-07-01***

this innovative survey of world history from earliest times to the present focuses on the role of four factors in the development of humankind climate communication and transportation technology scientific advances and the competence of political elites matossian moves chronologically through fifteen historic periods showing how one or more of the causative factors led to significant breakthroughs in human history shaping world history is based on original research and also draws widely from the literature on the history of science technology climate agriculture and historical epidemiology this compelling analysis is presented in a personal style and includes reflections on how things work and why they are important

## ***The City 2015***

the city a world history tells the story of the rise and development of urban centers from ancient times to the twenty first century it begins with the establishment of the first cities in the near east in the fourth millennium bce and goes on to examine urban growth in the indus river valley in india as well as egypt and areas that bordered the mediterranean sea athens alexandria and rome stand out both politically and culturally with the fall of the roman empire in the west european cities entered into a long period of waning and deterioration but elsewhere great cities among them constantinople baghdad chang an and tenochtitlán thrived in the late middle ages and the early modern period urban growth resumed in europe giving rise to cities like florence paris and london this urban growth also accelerated in parts of the world that came under european control such as philadelphia in the nascent united states as the industrial revolution swept through in the nineteenth century cities grew rapidly their expansion resulted in a slew of social problems and political disruptions but it was accompanied by impressive measures designed to improve urban life meanwhile colonial cities bore the imprint of european imperialism finally the book turns to the years since 1914 guided by a few themes the impact of war and revolution urban reconstruction after 1945 migration out of many cities in the united states into growing suburbs and the

explosive growth of megacities in the developing world

## **Rethinking World History 1993-05-28**

is the history of the modern world the history of europe writ large or is it possible to situate the history of modernity as a world historical process apart from its origins in western europe in this posthumous collection of essays marshall g s hodgson challenges adherents of both eurocentrism and multiculturalism to rethink the place of europe in world history he argues that the line that connects ancient greeks to the renaissance to modern times is an optical illusion and that a global and asia centred history can better locate the european experience in the shared histories of humanity hodgson then shifts the historical focus and in a parallel move seeks to locate the history of islamic civilisation in a world historical framework in so doing he concludes that there is but one history global history and that all partial or privileged accounts must necessarily be resituated in a world historical context the book also includes an introduction by the editor edmund burke contextualising hodgson s work in world history and islamic history

## **The Cold War 2019-10-15**

the definitive history of the cold war and its ongoing impact around the world the cold war began on the perimeters of europe but it had its deepest reverberations in asia africa and the middle east where every community had to choose sides those choices continue to define economies and regimes across the world stunning in breadth and revelatory in perspective the cold war by prize winning scholar odd arne westad expands our understanding of the conflict both geographically and chronologically and offers a new understanding of how today s world was created an epic account wall street journal an account of the cold war that is truly global in its scope a wise and observant history new republic an ambitious study perspicacious and panoramic in scope financial times best books of 2017

## **Neutrality in World History 2019-01-10**

neutrality in world history provides a cogent synthesis of five hundred years of neutrality in global history author leos müller argues that neutrality and neutral states such as switzerland sweden belgium have played an important historical role in implementing the free trade paradigm shaping the laws of nations and humanitarianism and serving as key global centers of trade and finance offering an intriguing alternative to dominant world history narratives which hinge primarily on the international relations and policies of empires and global powers neutrality in world history provides students with a distinctive introduction to neutrality s place in world history

## **Empires in World History 2021-05-11**

how empires have used diversity to shape the world order for more than two millennia empires vast states of territories and peoples united by force and ambition have dominated the political landscape for more than two millennia empires in world history departs from conventional european and nation centered perspectives to take a remarkable look at how empires relied on diversity to shape the global order beginning with ancient rome and china and continuing across asia europe the americas and africa jane burbank and frederick cooper examine empires conquests rivalries and strategies of domination with an emphasis on how empires accommodated created and manipulated differences among populations burbank and cooper examine rome and china from the third century bce empires that sustained state power for centuries they delve into the militant monotheism of byzantium the islamic caliphates and the short lived carolingians as well as the pragmatically tolerant rule of the mongols and ottomans who combined religious protection with the politics of loyalty burbank and cooper discuss the influence of empire on capitalism and popular sovereignty the limitations and instability of europe s colonial projects russia s repertoire of exploitation and differentiation as well as the empire of liberty devised by american revolutionaries and later extended across a continent and beyond with its investigation into the relationship between diversity and imperial states empires in world history offers a fresh approach to understanding the impact of empires on the past and present

## ***The Adventures of Ibn Battuta 2005***

## **Glimpses of World History 2004**

on new year s day 1931 jawaharlal nehru began a remarkable series of letters on the history of the world to his daughter indira then thirteen years old over the next thirty months nehru wrote nearly two hundred letters in this series which were later published as glimpses of world history with its panoramic sweep and its gripping narrative flow all the more remarkable for being written in prison where nehru had no recourse to reference books or a library glimpses of world history covers the rise and fall of empires and civilizations from greece and rome to china and west asia great figures such as ashoka and genghis khan gandhi and lenin wars and revolutions democracies and dictatorships an enduring classic this book is dazzling testimony to the breadth of nehru s world view his grasp of the lessons of history and of the forces and personalities that shape it

## **Navigating World History 2003-05-15**

world history has expanded dramatically in recent years primarily as a teaching field and increasingly as a research field growing numbers of teachers and ph ds in history are required to teach the subject they must be current on topics from human evolution to industrial development in song dynasty china to today s disease patterns and then link these disparate topics into a coherent course numerous textbooks in print and in preparation summarize the field of world history at an introductory level but good

teaching also requires advanced training for teachers and access to a stream of new research from scholars trained as world historians in this book patrick manning provides the first comprehensive overview of the academic field of world history he reviews patterns of research and debate and proposes guidelines for study by teachers and by researchers in world history

## **Slavery 1971**

the life hardships struggles punishments pleasures and revolts of slaves from ancient times

## **Glass 2002-10**

picture if you can a world without glass there would be no microscopes or telescopes no sciences of microbiology or astronomy people with poor vision would grope in the shadows and planes cars and even electricity probably wouldn't exist artists would draw without the benefit of three dimensional perspective and ships would still be steered by what stars navigators could see through the naked eye in glass a world history alan macfarlane and gerry martin tell the fascinating story of how glass has revolutionized the way we see ourselves and the world around us starting ten thousand years ago with its invention in the near east macfarlane and martin trace the history of glass and its uses from the ancient civilizations of india china and rome through western europe during the renaissance enlightenment and industrial revolution and finally up to the present day the authors argue that glass played a key role not just in transforming humanity's relationship with the natural world but also in the divergent courses of eastern and western civilizations while all the societies that used glass first focused on its beauty in jewelry and other ornaments and some later made it into bottles and other containers only western europeans further developed the use of glass for precise optics mirrors and windows these technological innovations in glass in turn provided the foundations for european domination of the world in the several centuries following the scientific revolution clear compelling and quite provocative glass is an amazing biography of an equally amazing subject a subject that has been central to every aspect of human history from art and science to technology and medicine

## ***Making Sense of World History 2020-10-22***

making sense of world history is a comprehensive and accessible textbook that helps students understand the key themes of world history within a chronological framework stretching from ancient times to the present day to lend coherence to its narrative the book employs a set of organizing devices that connect times places and or themes this narrative is supported by flowcharts that show how phenomena within diverse broad themes interact in generating key processes and events in world history a discussion of the common challenges faced by different types of agent including rulers merchants farmers and parents and a comparison of how these challenges were addressed in different times and places an exhaustive and balanced treatment of themes such as culture politics and economy with an emphasis on interaction explicit attention to skill acquisition in organizing information cultural sensitivity comparison visual literacy integration interrogating primary sources and critical thinking a focus on historical episodes that are carefully related to each other through the use of such devices the book shows the cumulative effect of thematic interactions through time communicates the many ways in which societies have influenced each other through history and allows us to compare and contrast how they have reacted to similar challenges they also allow the reader to transcend historical controversies and can be used to stimulate class discussions and guide student assignments with a unified authorial voice and offering a narrative from the ancient to the present this is the go to textbook for world history courses and students the open access version of this book has been made available under a creative commons attribution non commercial no derivatives 4.0 license

## ***Peace in World History 2014-04-03***

in peace in world history peter n stearns examines the ideas of peace that have existed throughout history and how societies have sought to put them into practice beginning with the status of peace in early hunter gatherer and agricultural societies and continuing through the present day the narrative gives students a clear view of the ways people across the world have understood and striven to achieve peace throughout history topics covered include comparison of the pax romana and pax sinica of rome and china concepts of peace in buddhism christianity and islam and their historical impact

the place of peace in the periods of expanding empires the emergence starting in the 19th century of formal schemes to promote peace amid increasingly destructive technologies for warfare moving away from the view of history as a series of military conflicts peace in world history offers a new way of looking at world history by focusing on peace showing how concepts of peace have evolved over time even as they have been challenged by war and conflict this lively and engaging narrative enables students to consider peace as a human possibility

### ***Hyperinflation 2017-10-03***

since 1970s when the world was experiencing an age of inflation a great volume of academic research about hyperinflation has been conducted however it is also true that parrot like superficial talks abound without questioning the economic political and social foundations existing underneath the economic phenomenon based on research results of contemporary economists media reports and historical works this book will be the most comprehensive narrative of all major events of hyperinflation worldwide from the turn of the first millennium to the mid 2010s firstly it gives a brief illustration of the basic concepts of hyperinflation starting with the definitions and price measurement then it traces and analyzes all major episodes of hyperinflation that occurred over the past two thousand years or so from the earliest incidence to the four tidal waves in the 20th century and to the three latest episodes in the 21st century using basic concepts in modern finance such as indexation and dollarization this book explains why hyperinflation in some countries could explode into astronomical levels while rhythms of hyperinflation in the 20th century world are in resonance of megatrends in world economy and politics finally this book underscores the importance of policy making institutional building and international relations in the process of hyperinflation and stabilization scholars and students studying money and finance economic history international finance and economics will be attracted by this book
