Cookie! (Book 1): Cookie and the Most Annoying Boy in the World 2019-08-08 an accessible and empirically rich introduction to Canada's engagements in the world since confederation this book charts a unique path by locating Canada's colonial foundations at the heart of the analysis Canada in the world begins by arguing that the colonial relations with indigenous peoples represent the first example of foreign policy and demonstrates how these relations became a foundational and existential element of the new state colonialism the project to establish settler capitalism in North America and the ideological assumption that Europeans were more advanced and thus deserved to conquer the indigenous people says Shipley lives at the very heart of Canada through a close examination of Canadian foreign policy from crushing an indigenous rebellion in El Salvador peacekeeping missions in the Congo and Somalia and Cold War interventions in Vietnam and Indonesia to Canadian participation in the war on terror Canada in the world finds that this colonial heart has dictated Canada's actions in the world since the beginning highlighting the continuities across more than 150 years of history Shipley demonstrates that Canadian policy and behaviour in the world is deep rooted and argues that changing this requires rethinking the fundamental nature of Canada itself

The Only Girl in the World 2017-12-07 help your  
child become a global citizen with this accessible  
introduction to the people who live on our planet  
with big ideas broken into bite size chunks  
through clever graphic design perfect for home and  
classroom settings with almost 7 8 billion people  
sharing the earth it can be a little hard to  
picture what the human race looks like all  
together but if we could shrink the world down to  
just 100 people what could we learn about the  
human race what would we look like where and how  
would we all be living this book answers all these  
questions and more reliably sourced and deftly  
illustrated if the world were 100 people is the  
perfect starting point to understanding our world  
and becoming a global citizen if we focus on just  
100 people it s easier to see what we have in  
common and what makes us unique then we can begin  
to appreciate each other and also ask what things  
we want to change in our world
