**Military History of India** 2019 writing medieval military history in pre crusade europe brings together fourteen articles by eminent historians david s bachrach and bernard s bachrach crucial to the writing of medieval military history is a thorough understanding of the strengths and weaknesses of the available source materials just as important is a broad conception of the range of sources upon which scholars can draw upon to ask and answer questions about the organization and conduct of war the studies collected here provide insights regarding many of the most important narrative works from pre crusade europe with a particular emphasis on the ways in which they can be used to write military history as well as the pitfalls facing historians who read these texts transparently without regard for the authors various parti pris and limitations in addition to their treatment of narrative works several of the studies in this volume highlight the importance of treating historiographical texts within the much broader range of source materials that illuminate the conduct and organization of war in pre crusade europe particularly material sources

developed through excavations as well as contemporary images most prominently the bayeux tapestry the book will appeal to scholars and students of medieval history and well as those interested in military history

**Writing the Military History of Pre-Crusade Europe** 2020-12-29 the world's weaponry is showcased inside this spectacular visual guide from the spears and swords of ancient times to the guns and grenades of modern warfare 5 000 years of weaponry is explored and explained in unprecedented detail the military history book profiles key arms and armaments and conveys technologies and tactics across hundreds of pages of dramatic photography and accessible text find out how war is waged between battleships at sea tanks on the battlefield and fighter planes in the skies climb siege towers drive chariots enter medieval fortresses fly unmanned drones and detect stealth bombers you will also experience virtual tours of iconic vehicles including the t 34 tank the lockheed f 117 stealth bomber and the ah 64 apache helicopter and discover the leaders battles and weapons of war that have changed the course of history and understand the lasting impact of global conflicts this complete history of weaponry is essential reading for military enthusiasts of all ages

The Military History Book 2012-10-01 the scottish soldier has been at war for over 2000 years until now no reference work has attempted to examine this vast heritage of warfare a military history of scotland offers readers an unparalleled insight into the evolution of the scottish military tradition this wide ranging and extensively illustrated volume traces the military history of scotland from pre history to the recent conflict in afghanistan edited by three leading military historians and featuring contributions from thirty scholars it explores the role of warfare in the emergence of a scottish kingdom the forging of a scottish british military identity and the participation of scots in britain's imperial and world wars eschewing a narrow definition of military history it investigates the cultural and physical dimensions of scotland's military past such as scottish military dress and music the role of the scottish soldier in art and literature scotland's fortifications and battlefield archaeology and scotland's military memorials and museum collections

Military History of Scotland 2014-07-11 this is a major collaborative study of organised military activity and its broad impact on ireland over the last thousand years or so from the middle of the first millennium ad to modern times it integrates the best recent scholarship in military history into its social and political context to provide a comprehensive treatment of the irish military

experience the eighteen chronologically organised chapters are written by leading scholars each of whom is an authority on the period in question drawing the whole work together is a wide ranging introductory essay on the irish military tradition which explores the relationship of irish society and politics with militarism and military affairs the text is illustrated throughout by over 120 pictures and maps

**A Military History of Ireland** 1997-10-09 hannibal is acknowledged to be one of history s greatest generals and his crossing of the alps complete with elephants to make war against rome on its home soil is legendary but even hannibal met his match in scipio and ultimately carthage was defeated by the rising power of rome in hannibal s war j f lazenby provides the first scholarly account in english since 1886 solely devoted to the second punic war what some have called the first world war for mastery of the mediterranean world by closely examining the accounts of livy and polybius supplemented with the fruits of modern research lazenby provides a detailed military history of the entire war as it was fought in italy spain greece and north africa this edition includes a new preface covering recent research on hannibal s war against rome

**Hannibal's War** 1998 how has war shaped modern society and vice versa how has it changed between the introduction of firearms and the invention of the atom bomb how is war waged today the oxford history of modern war examines the techniques technology and theory of war from the military revolution of the seventeenth century to the present day with fascinating thematic chapters covering air and sea warfare combat experience women and war and even opposition to war the expert contributors explore major developments and themes including the growth of modern military professionalism and mass armies the extraordinary achievements of napoleon s armies the role of nationalism in battlegrounds as various as the american civil war and the former yugoslavia colonial wars the concept and reality of total war and guerrilla warfare this new and updated edition with new chapters on people s war and technology and war brings the story into the twenty first century addressing the dilemmas faced by military strategists in confronting international terrorism and in the wake of the invasion of iraq

*The Oxford History of Modern War* 2000-06-29 covers the essential factors which shaped the battles and ultimately determined the outcome of the civil war

*How the North Won* 1991 the book thus presents a study of the development of warfare in the country from the 11th to the mid

18th century when modern warfare made its appearance in india unlike in europe where it had developed two centuries earlier the first such occasion was in 1746 in the battle of the adyar river san thome when a few french soldiers supported by a detachment of european trained native soldiers defeated a much larger local force of the nawab of carnatic thus heralding the advent of modern warfare into the country s antiquated military system wars have been the primary if not the only instrument for political change since ancient times a study of the development of warfare in a country is therefore an essential component for a correct understanding of its political developments notwithstanding this fact india s military history has thus far been sadly neglected by the country s professional historians this book a result of huge scholarship and stamina helps to set right this lacuna the author draws many lessons of enduring value which the military history of medieval india has to offer the country s policy makers politicians bureaucrats historians political scientists and professional soldiers

*A Military History of Medieval India* 2003 krigshistorie militærhistorie store slag og kampe afgørende slag og kampe verdenshistorie krigsbegivenheder krige wars krigskunst store hærførere felttog campaigns landkrigsførsel antikken oldtiden middelalderen pax romana romerske rige modern warfare manøvrer 1 verdenskrig 2 verdenskrig mongolerne napoleonskrigene professionelle hærstyrker belejringer krigsførsel søkrig efterkrigsårene military trends military history taktik strategi krigsformer

**The Collins Encyclopedia of Military History** 1993-01-01 this includes text from the official and statistical register of the state of mississippi 1908 by dunbar rowland with a new index by h grady howell jr

Military History of Mississippi, 1803-1898 1978 completely unique in its global scope this major text does what no other book in the field does provides students with an excellent account of modern military history with analysis of strategy as well as tactical and operational developments in the field of war carefully written by a highly renowned author this book has been widely praised by american and uk reviewers for its astonishing grasp of detail and its encyclopedic knowledge arranged chronologically it spans the american war of independence through the french revolution right up to the latest conflicts in the 2000s specially designed to be user friendly introduction to global military history offers chapter introductions and conclusions to assist study and revision voices of war sourced extracts from the field of war case studies in each chapter to support the narrative and provoke discussion vivid engravings plans paintings and photos to bring the conflicts alive a twelve page colour map section plus twenty one other

integrated maps annotated references from the latest publications in the field jeremy black covers all aspects of military conflict masterfully combining the study of tactics and war strategy with the social cultural and political consequences of war

**Introduction to Global Military History** 2006-09-27 the hundred years war was fought between 1337 and 1453 over english claims to both the throne of france by right of inheritance and large parts of the country that had been at one time norman or later english the fighting ebbed and flowed but despite their superior tactics and great victories at crecy poitiers and agincourt the english could never hope to secure their claims in perpetuity france was wealthier and far more populous and while the english won the battles they could not hope to hold forever the lands they conquered the real and abiding significance of the war lies in the fact that at its end the english had become english as opposed to anglo french and france too had set out on the road to nationhood both countries would subsequently become the very best of enemies the war also sparked a real revolution in the english way of waging war with increasing professionalism and the use of technology to make up for lack of numbers factors which remain relevant throughout the subsequent history of the english and then the british army and which are still critical to it today military historian gordon corrigan s new history of these epochal events is brisk combative and refreshingly straightforward and the great kings men and battles of the period receive the full attention and reassessment they deserve

**A Great and Glorious Adventure** 2013-07-04 even fifteen years after the end of the cold war it is still hard to grasp that we no longer live under its immense specter for nearly half a century from the end of world war ii to the early 1990s all world events hung in the balance of a simmering dispute between two of the greatest military powers in history hundreds of millions of people held their collective breath as the united states and the soviet union two national ideological entities waged proxy wars to determine spheres of influence and millions of others perished in places like korea vietnam and angola where this cold war flared hot such a consideration of the cold war as a military event with sociopolitical and economic overtones is the crux of this stellar collection of twenty six essays compiled and edited by robert cowley the longtime editor of mhq the quarterly journal of military history befitting such a complex and far ranging period the volume s contributing writers cover myriad angles john prados in the war scare of 1983 shows just how close we were to escalating a war of words into a nuclear holocaust victor davis hanson offers the right man his pungent reassessment of the bellicose air power zealot curtis lemay as a man whose words were judged more

critically than his actions the secret war also gets its due in george feiffer's the berlin tunnel which details the charismatic ci a operative big bill harvey's effort to tunnel under east berlin and tap soviet phone lines and the soviets equally audacious reaction to the plan while the truth about overflights by r cargill hall sheds light on some of the cold war's best kept secrets the often overlooked human cost of fighting the cold war finds a clear voice in mia by marilyn elkins the widow of a navy airman who details the struggle to learn the truth about her husband lt frank c elkins whose a 4 skyhawk disappeared over vietnam in 1966 in addition there are profiles of the war's front lines dien bien phu the cuban missile crisis the bay of pigs as well as of prominent military and civil leaders from both sides including harry s truman nikita khrushchev dean acheson gen douglas macarthur richard m nixon gen vo nguyen giap and others encompassing so many perspectives and events the cold war succeeds at an impossible task illuminating and explaining the history of an undeclared shadow war that threatened the very existence of humankind

[A Military History of Australia](#) 1990 this clear readable introduction to the popular field of military history is now available in a refreshed and updated second edition it shows that military history encompasses not just accounts of campaigns and battles but includes a wide range of perspectives on all aspects of past military organization and activity in concise chapters it explains the fundamental features of the field including the history of military history showing how it has developed from ancient times to the present the key ideas and concepts that shape analysis of military activity it argues that military history is as methodologically and philosophically sophisticated as any field of history the current controversies about which military historians argue and why they are important a survey of who does military history where it is taught and published and how it is practiced a look at where military history is headed in the future the new edition of what is military history provides an up to date bibliography and cutting edge new case studies including counterinsurgency and as such continues to be ideal for classes in military history and in historiography generally as well as for anyone interested in learning more about the dynamics of a rich and growing area of study

The Naval and Military History of the Wars of England 2019-03-16 from the publisher this latest edition of an official u s government military history classic provides an authoritative historical survey of the organization and accomplishments of the united states army this scholarly yet readable book is designed to inculcate an awareness of our nation s military past and to demonstrate that the study of military history is an essential ingredient in leadership development it is also an essential addition to any personal military history library

Naval and Military History of the Wars of England 2016-05-24 on 23 september 1642 prince rupert s cavalry triumphed outside worcester in the first major clash on the english civil war almost precisely nine years later on 3 september 1651 that war was won by oliver cromwell s famous ironsides outside the same city and in part upon the same ground stuart reid provides a detailed yet readable new military history the first to be published for over twenty years of the three conflicts between 1642 and 1651 known

as the english civil war prince rupert oliver cromwell patrick ruthven alexander leslie and sir thomas fairfax all play their parts in this fast moving narrative at the heart of the book are fresh interpretations not only of the key battles such as marston moor in 1644 but also of the technical and economic factors which helped shape strategy and tactics making this a truly comprehensive study of one of the most famous conflicts in british history this book is a must for all historians and enthusiasts of seventeenth century english history

American Military History, Volume II 2010 this book presents a clear readable introduction to a popular field of history it shows that military history encompasses a wide range of perspectives on all aspects of past military organization and activity

All the King's Armies 2007-08-01 this volume re positions military history at the beginning of the 21st century jeremy black reveals the main trends in the practice and approach to military history and proposes a new manifesto for the subject to move forward

Army History 2000 the author of fighting for spain delivers a military history focused on three major battles brunete belchite and teruel meticulously researched historical novel society why did the spanish republic lose the spanish civil war and could the republic have won these are the key questions alexander clifford addresses in this in depth study of the people s army and the critical battles of brunete belchite and teruel these battles represented the republic s best chance of military success but after bitter fighting its forces were beaten back from then on the republic facing the superior army of franco and the nationalists aided by germany and italy faced inevitable defeat this tightly focused and perceptive account of the military history of the republic and its army is fascinating reading as well as providing a broad overview of the strategy and tactics of the people s army and its nationalist opponents alexander clifford quotes vivid eyewitness testimony to give the reader a direct insight into the experience of the frontline soldiers on both sides during these three critical battles their recollections reveal to the reader what it was like to fight in the scorching heat of the plains around brunete in the shattered streets of belchite still ruined to this day and in the frozen hills of teruel

*What is Military History?* 2006-10-03 excerpt from who shall write our military history proceedings of a conference on the military history of the united states at the twenty eighth annual meeting of the american historical association boston massachusetts

**World War II** 1980 this comprehensive volume traces the evolution of japanese military history from 300 ad to present day foreign relations and reveals how the country's cultural views of power violence and politics helped shape japan's long and turbulent history of war the legacy of japanese warfare is steeped in honor duty and valor yet some of the more violent episodes in this country's military history have tainted foreign attitudes toward japan oftentimes threatening the economic stability of the pacific region this book documents japan's long and stormy history of war and military action provides a thorough analysis of the social and political changes that have contributed to the evolution of japan's foreign policy and security decisions and reveals the truth behind the common myths and misconceptions of this nation's iconic war symbols and events including samurais warlords and kamikaze attacks written by an author with military experience and insight into modern day japanese culture gained from living in japan a military history of japan from the age of the samurai to the 21st century examines how japan's history of having warrior based leaderships imperialist governments and dictators has shaped the country's concepts of war it provides a complete military history of japan from the beginning of the imperial institution to the post cold war era in a single volume this thoughtful resource also contains photos maps and a glossary of key japanese terms to support learning

**Rethinking Military History** 2004 the military history of late rome 565 602 provides a fresh analysis of the roman empire from the reign of phocas 602 10 until the death of heraclius 610 41 this was an era of unprecedented upheavals which is usually considered to have resulted in the end of antiquity the usurpations of phocas and heraclius led to the collapse of the roman defenses the persians conquered syria lebanon palestine and egypt the avars and slavs ravaged the balkans the lombards held the upper hand in italy the

visigoths conquered spain but then happened one of the most remarkable reversals of fortune in the history of mankind heraclius began his holy war against the fire worshippers he launched a very effective counterattack against the persians as a result of which the romans not only defeated the persians but actually even extended their domains at their expense and not only this because by 633 heraclius was already restoring the roman fortunes in the balkans this volume revises many of the previously held views of how this took place and what actually happened the roman armies seemed invincible and then happened yet another great reversal of fortune the muslims began their jihad to conquer the world the author provides a fresh analysis of all of these upheavals explains in detail why these reversals of fortune happened what enabled the romans to defeat the persians and why the romans lost when they fought against the muslims and conversely why the muslims were so successful this was an era of epic campaigns and battles all of which are explained in unprecedented detail the epic campaigns needed equally talented commanders who include for example heraclius chosroes ii parwez shahrbaraz shahin abu bakr umar abu ubaydah and khalid b al walid the sword of allah this is revisionist history writing at its best

**The People's Army in the Spanish Civil War** 2020-03-20 examines the role of hong kong as a vital but vulnerable link in british imperial defence strategy including challenges from russia france the united states germany japan and other powers also offers new interpretations of the battle of hong kong and the role it played during the cold war

Who Shall Write Our Military History? 2016-09-17 the political phenomenon known as the springtime of the nations swept through europe in 1848 toppling thrones forcing old autocratic regimes to grant constitutions to the people and bringing street fighting and large scale campaigns to cities and states across the continent what is not generally known is that a precursor to these events had already taken place in the center of europe in the alpine valleys of the collection of independent states known collectively as switzerland in november 1847 twelve of the swiss cantons went to war with seven other cantons over the future of the country the campaign lasted just three weeks with only a few hundred casualties and ended with the establishment of the modern swiss state we have today if it had not ended so quickly it is likely that france austria and prussia would have become involved which would have led to a european wide war this book is unique in that it concentrates on the military aspects of this episode in history as well as an outline of the campaign itself it covers the strengths and organization of each canton in 1847 each

was a separate state with its own army included are chapters on the uniforms of the cantons armies their battle flags weapons and distinguishing badges the major battle of the war at gislikon modern gisikon a small village with a strategic river crossing just north of the city of luzern is treated in detail as well as the general picture individual soldiers stories illustrate the combat techniques of the period biographies are given of some of the leading figures from both sides of the conflict which demonstrate the european dimension many served in french dutch and neapolitan armies before taking appointments in the swiss canton armies to compliment the text the book is well illustrated with a mixture of contemporary pictures in color and black and white and also specially produced color plates of swiss canton uniforms and flags so that the reader can follow the campaign maps from official swiss sources are included orders of battle for all the cantons and detailed orders of battle for the main action at gislikon are also provided this is the latest title in helion s ground breaking series of 19th century studies and will again appear in hardback as a strictly limited edition printing of 500 copies each individually numbered and signed by the author on a decorative title page

**A Military History of Japan** 2014 this publication vignettes of military history is the compendium of a series of individual papers started in 1974 which were published by the staff of the military history research collection the intent of the series is to show brief glimpses of the human side of military history to the soldier and civilian the vignettes are meant to alert the reader to the rich texture of military history great commanders and men in the ranks american and foreign in war and peace in modern times and throughout ages gone before provide the scope of the series the vividness excitement interest pertinence indeed the very humanness of military history set the theme this volume reprints the first 50 vignettes and makes them available for army wide distribution the following wars and time periods are covered ancient history punic wars medieval period europe 1600 1800 seven years war united states during the colonial period the revolutionary war united states 1783 1812 napoleonic wars war of 1812 united states 1816 1861 seminole wars civil war united states 1865 1898 europe 1871 1914 boxer rebellion world war i russian revolution united states 1920s 1930s world war ii and united states 1945 1976

**A Military History of Perthshire, 1899-1902** 1908 a detailed and thorough chronological overview of the history of warfare and military structures in africa covering ancient times to the present day a military history of africa achieves a daunting task it synthesizes decades of specialized academic research and literature including the most recent material to offer an accessible survey

of africa s military history from the earliest times to the present day the first volume examines the precolonial period beginning with warfare in ancient north africa including ancient egypt and carthage and continues through the cavalry based muslim empires of the trans sahara trade and the wars of the slave trade in west and east africa the second volume focuses on the wars of european colonial conquest and african resistance during the late 19th century african participation in both world wars and the early violent struggles for independence from the 1950s and early 1960s the third volume explores warfare in postcolonial africa including coverage of the impact of the global cold war conflicts in southern africa from the 1960s to 1980s the development of postcolonial african armed forces and civil wars sparked by the discovery of precious resources such as diamonds in sierra leone readers of this three volume work will understand how warfare and military structures have been consistently central to the development of african societies

**Military History of Late Rome 602 641** 2022-08-30 the 18th century was a wealth of knowledge exploration and rapidly growing technology and expanding record keeping made possible by advances in the printing press in its determination to preserve the century of revolution gale initiated a revolution of its own digitization of epic proportions to preserve these invaluable works in the largest archive of its kind now for the first time these high quality digital copies of original 18th century manuscripts are available in print making them highly accessible to libraries undergraduate students and independent scholars rich in titles on english life and social history this collection spans the world as it was known to eighteenth century historians and explorers titles include a wealth of travel accounts and diaries histories of nations from throughout the world and maps and charts of a world that was still being discovered students of the war of american independence will find fascinating accounts from the british side of conflict the below data was compiled from various identification fields in the bibliographic record of this title this data is provided as an additional tool in helping to insure edition identification british library t122632 originally published in 186 parts issued with the britannic magazine 1793 1807 and bound in twelve volumes each with a general titlepage the author is named as the late thomas mante in vols 7 8 which were completed by an able and impartial ha london printed for the author and sold by champante and whitrow and at the british directory office 1795 1807 8v plates ports 8
